CHICAGO

A Birkin on eBay?

Our favorite consignment store owner dishes about her new reality show

Chicago's current "it" girl Corri McFadden sat down with FabFitFun, dishing on her new reality show and, naturally, what should be on our luxury consignment wish lists. Plus, she reveals what's in her fabulous handbag.

What are the most coveted items available on [eDrop-Off](#) right now?

We currently have a Hermes 30cm Birkin in olive that is amazing! What lucky lady wouldn't love a Birkin for the holidays?! On a realistic note, not everyone will receive a Birkin this year. We have something special for everyone: a beautiful Oscar de la Renta chinchilla coat, Christian Louboutin Inverness ankle booties, a Tiffany & Co. cocktail ring, a Louis Vuitton travel cosmetic case, and a Chanel tweed double flap handbag. The list is endless. We make dreams come true!

We hear you will join the reality star club in 2012. Tell us about [House of Consignment](#).

The show is based on my luxury consignment business, eDrop-Off, and the everyday activities that come with running my

business, as well as squeezing in a social life by balancing events, my loving boyfriend, friends, and family. It's a chance for me to also change the face of the consignment world and give viewers a glimpse into the amazing closets of some of my most fabulous clients!

What would you find in your dream "Closet Cleanout" (we bet you would love to raid G's E! fashion closet).

Of course I would love to raid G's closet! When you clean for someone who is cool and fun, it is always a good day! I love to walk away with pieces that are rare. A dream day would be a car filled with Louis Vuitton, Chanel, and Hermès!

You are very in demand these days being named to *Crain's 40 Under 40* and all, so how do you stay so trim and fit while running your company?

Work out and sleep! I would never sacrifice either. I have an amazing personal trainer who is flexible and understanding of my schedule, which is key.

Tell us what handbag you carry and what's inside?

I am currently carrying the Proenza Schouler Oversize PS1 in olive green. If you were to explore inside you would find a makeup pouch full of about 15 lipsticks (excessive, I know), a Balenciaga card holder, eDrop-off temporary tattoos, Chanel sunglasses, a Flip Cam, an iPhone, and gloves!
